SaveOnLease

PARTNER QUICK START

Start referring in minutes.

A simple guide for brokers, advisors, and tenant advocates

Free to join. Earn 20% when a referred client buys the $49.99 report.

Your four steps

1

Open the referral page

Go to saveonlease.com/marketing/referral and select **Create your referral link**.

2

Sign in and create your link

Sign in or create an account, then select **Create my link**. We connect your unique link to your account automatically.

3

Share with a client

Select **Copy link** or **Copy intro message**. Your client lands at the free lease preview and chooses whether to buy a report.

4

Set up commission payments

In **Commission payments**, select **Set up payments with Stripe** and complete Stripe's secure payout setup once.

HOW CREDIT AND PAYMENT WORK

Your referral code stays in the client's browser for **30 days**. A paid report with your code attached earns a **20% commission**; a free preview alone does not. Eligible commissions transfer after a **30-day review period** once your Stripe payout details are ready.

Automatic payouts are currently available to **U.S.-based partners**. You can share your link while completing Stripe setup.

Optional monthly update: Turn on **Email me a monthly referral summary** on the referral page to receive activity and commission totals.

White label: Not currently offered. Tell us how you would use a branded version with your clients.
